

# SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to Flush Kidneys and Neutralize Irritating Acids

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again there is difficulty in voiding it. Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effective, lithia-water drink, which quickly relieves bladder trouble.

# FIELD DAY PLANNED

AT SUBMARINE BASE

Next Friday afternoon, May 23, promises to be red-letter day for the members of the Elks' club at the Submarine Base.

Starting at 1:30 p. m., the field day exercises will include a diversity of athletic events, chief among them being a basketball game between the Experimental Station and the Submarine Base, a tug-of-war between the yomanettes of New London and the Elks' club, and a foot race.

The idea of a field day is common among the ship of the navy, being a means of boosting athletics and a sister of the late Abial men of the crew. The public is cordially invited and it is the desire of the Elks' club to make this day a big pleasant May party.

A large area will be provided for the autos of friends, who desire to take advantage of the fine state highway, and motor to the base, and everything will be done to make this day, the first of its kind at the base—a huge success.
